¹Approval of a credit card application is subject to meeting established credit criteria. The APR for cash advances is currently 21.99% and the penalty APR, which may apply to all balances if you make a late payment, is currently 28.99%. The cash advance and penalty APRs vary with the market based on the

prime rate. If you are charged interest in any billing cycle, the charge will be no less than \$1.50.

There is no annual fee. Late payment and returned payment penalty fees are up to \$35. Cash advance transaction fees are either \$10 or 4% of the amount of each cash advance, whichever is greater. The introductory APRs do not apply to cash advances. Foreign transaction fees are 3% of each foreign transaction amount in U.S. dollars. Balance transfer fees are either \$5 or 3% of the amount of each balance transferred within the first 90 days following account opening, whichever is greater. After that, either \$5 or 4% of the amount of each balance transfer, whichever is greater. Certain balance transfer requirements and other conditions apply.

Allocation of your payments will be at our discretion, and generally that means we will apply your payments to balances with lower APRs before balances with higher APRs. However, any payment you make in excess of the minimum payment due will be allocated to balances with higher APRs before balances with lower APRs. Keep in mind that if you take advantage of any intro balance transfer offer above, you may still be assessed interest on new purchases. That is because, unless your APR for purchases is also 0%, you must pay your entire balance each month on the due date to avoid interest on new purchases.

The rates and fees noted herein are current as of April 2015. This information may have changed after that date. This offer may be withdrawn at any time and without notice. To find out what may have changed, call us at 1-800-558-8472, write us at P.O. Box 3429, Pittsburgh, PA 15230-3429 or go online at pnc.com/creditcards.
